

KORITE

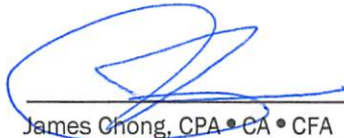

March 27, 2024

Dear IGC Bid Development Committee members,

Since 1979, KORITE has set the global standard for Ammolite gemstones and jewelry. As an industry-leading Canadian jewelry brand, inspiring the world with the rarity and beauty of Canada's gemstone, every KORITE piece is ethically mined and handcrafted by skilled artisans to create luxuriously Canadian treasures for the bold and adventurous.

As a gemstone company based in Calgary, Alberta, we express our enthusiastic support for Canada's bid to host the International Gemological Conference (IGC) 2028. As a prominent player in the Canadian Ammolite industry, we understand the significance of such an event in showcasing our province and nation's diverse and vibrant geological landscape. We are keen to lend our expertise and resources to ensure the success of the bid. Furthermore, we eagerly anticipate the opportunity to welcome the world to Calgary and collaborate closely with the local organizing committee to deliver an unforgettable experience for all attendees.

Warm regards,

James Chong, CPA • CA • CFA
